Sapey Golf Club

WELCOME TO SAPEY GOLF CLUB

Sapey Golf Club is set in the heart of the same Herefordshire and Worcestershire countryside, which inspired Elgar to such wondrous creativity. With views of the Malverns to the south, and Clee Hill to the west, there is every opportunity for your golf to be a similarly inspiring experience. Wildlife abounds in the adjacent woods and fields, with the resident pheasant population superbly indifferent to your standard of play!

The course too is impressive. Since completion in 1990, a policy of continual improvement has been implemented. Automatic sprinklers have matured the greens; additional trees, bunkers and water features have added to the interest and toughened the course. If this is still not challenging enough, then the 10,000 carefully matured trees and shrubs will provide the toughest test. These were carefully selected as a combination of fast growing conifers and the more glamorous broad leaf variety. As the stakes and the free drops now become history, Sapey is becoming one of the most demanding, as well as beautiful, venues in the area.

Sapey Golf Club has also improved its hospitality amenities. The new club house offers excellent food from a varied menu and provides a warm and welcoming atmosphere. The end result of all the endeavour is now yours to enjoy and please be assured you will receive the warmest of welcomes from Jim and Ann Preece and their staff.

Challenging 9 hole course

Facilities at Sapey Golf Club include:
